<CV />

Ricardo Gaspar Ochoa

Frontend Developer and Interaction Designer 🇲🇽

hi@ochoagram.com ↗ | **9931433105** ↗

Knowledge and continuous learning in Nextjs, React, Typescript and css libraries. Applying the principles of UI UX interaction design, developing and designing functional and aesthetic interfaces for web and mobile applications, I have more than 6 years of experience working on projects in different fields, including; education, health, communications, themed parks and fintech. Certified in Azure Cloud with the AZ-900 (2022) Microsoft Certified Fundamentals.

Positive attitude, strong work ethic, looking for results while focusing on high quality work and performance.

Experience

Freelance, Cancún México — Web developer and UI-UX Designer

Jan 2021 - Now

Focused on online shop development, MVP prototypes and landing pages (NextsJs, MongoDB, Firebase, Auth0, Wordpress, Stripe integrations, paypal, Mailchimp, Facebook/Instagram Shop).

Punk.Solutions, Cancún México — Disigner UI UX

Sep 2015 - 2021

Designing and developing together with the development team of the company (Web, IOS and Android), different projects for national and international clients (Ecommerce, Apps, Fintech, Medical Systems, Institutional Websites). All under methodologies such as Design Sprint (define goals, validating assumptions and deciding on a product roadmap).

Education
